

*Hunter re pay  
for volunteers #1*

Island County Fire Protection District No. #3

Monthly meeting of the Commissioners March 4 1958.

Meeting called to order at the home of the chairman Mr. Palmerston at 8.00 P.M.

Commissioners present: Harry F. Palmerston  
James T. Malome  
Lloyd S. Capp

Current bills considered and approved and vouchers for same examined and signed.

Mr. Palmerston reported that the Bush Point program was probably waiting on him to draw up the papers for the leases

Chief Hunter asked the commissioners if they had ever thought about any method of paying the volunteer firemen. He reported that a district in Pierce County paid each station crew \$100.00 per year, to do with as they saw fit. No action taken on this problem.

Chief Hunter reported on the lack of activity of the department at Freeland. An off the record discussion intimated that the truck stationed there could possibly be taken away if the activity did not step up in the future. *Freeland inactivity*

Chief Hunter reported that a small group at Clinton was very active and doing a good job in the department. Were working on the hall and had other things planned to do there.

Mr. Palmerston reports that according to the grapevian there is some resistance to Bob Eskridge, a newcomer to Clinton who is now in the department. This by a few of the oldtimers in the department.

Badges for the Commissioners discussed and it was decided to order same for them.

No further business meeting was adjourned at 9.15 P.P.
