Vouchers for current bills were approved and signed.

Hunter made a report on the WARRANT account of the Nelson Equipment Co. It was discussed at some length but no action necessary it was tabled. ~~There~~

There was discussion of the turnout coats for the firemen in regard to ee to colors prices, etc. Secretary Hunter is instructed to contact several suppliers and get their prices on coats, and have them for the next meeting.

David C. Henny of the Whidbey Telephone Company is present. He informs the commissioners that the telephone company has another Station wagon which will be available for the use of the district if necessary in an emergency, to be used as an ambulance.

He jokingly informs the commissioners that chief Hunter is quitting his job as district fire chief. Everyone present is startled by this statement, even Hunter as he is in the dark about what it is all about. Henny then informs the commissioners that he said it only to pose the question of what should be done if Hunter should quit. He stated that he thought that the commissioners should give earnest consideration to raising Hunters pay. No action was taken but the commissioners agreed to think about it.

There being no further business meeting was adjourned at 9.30 P.M.
