Chief Hunter submitted his yearly report to the commissioners. He also stated that the district should buy at least 35 turn out coats for the use of the volunteer firemen.

Hunter also stated he would like to promote a junior fire department in the school among the seventh graders which would probably take or require about \$ 50.00

There was some discussion of the coats, and the junior fire department and it was decided to wait until the county assessor submitted his final assessed district valuation for the year before taking any final action on the coats and the junior fire department. The report should be received by the next meeting.
